Aloha Lorrin,

Thank you for making yourself available for our upcoming public meeting. We know that you would be an ideal moderator.

Your limited exposure to the negotiations may actually be a benefit for this role. Attached is the draft communication strategy and draft press release that may help brief you on the meeting's purpose. These are both in the process of minor edits so please do not share. The official launch is tentatively scheduled for May 28th.

There is a meeting to come with EPA regarding the actual sequence of events for the meeting (i.e. whether there will be Q&A session, etc.). Once we finalize that, we will certainly share that with you.

Currently, the location selected will be Moanalua Middle School. There is a possibility that that may change but we will notify if there is a change. Regardless, we will be contacting you again before the meeting. Again, we appreciate your willingness to help on this!
